

English Teachers Day Linz

Innovation, Inclusion and Inspiration
in English Language Teaching

for educators

This year marks the inaugural “English Teachers Day” in Linz, bringing together English teachers for a dynamic day of professional development and exchange. With workshops on responding to heterogeneity in the classroom, harnessing graphic novels, songs, and fandom in teaching, multimodal storytelling and using AI to support your teaching, the event offers fresh perspectives on English language teaching. A book fair will showcase the latest resources, providing inspiration and practical tools to take back to the classroom. As the event coincides with St. Patrick’s Day, expect a lively atmosphere with music to celebrate the occasion!
