## Course Suggestions for German-Beginners and Non-German-Speaking Incoming Students

*Links to course descriptions mostly lead you to the current semester. Many courses of the old curriculum will still be on offer in 2025/26, particularly all secondary and elementary education courses. However, a new primary education curriculum is due to kick off in 2025/26, which is currently still being implemented. We will provide updated versions of the Course Suggestions with the new primary education courses as soon as they are available.*

*Given this transitional phase, we would be grateful if your home university allowed you to complete the Online Learning Agreement (OLA) at a later stage for more planning stability. Should it be necessary for you to proceed with the OLA now, we kindly ask for your understanding in the event that more adjustments than usual may be required to your OLA or ELA. If any of your selected courses are no longer available upon your arrival, we will, of course, assist you in identifying suitable alternatives.*

*Please be aware that Secondary Teacher Ed. courses are marked as such and **generally require a high level of expertise.***
